Introduction

Since 1958, high school juniors and seniors in Miami-Dade County Public Schools have paired with professionals to offer their skill sets, positive attitude, and eagerness to learn. In turn, internship providers share their time and talents to provide interns meaningful, career-related experiences.

The honors Academic Year Internship Program (AYIP) is designed to give students real world work experiences, helping them discover first-hand what it takes to be successful in that particular career field.

During the internship, student interns should take on the roles and responsibilities of a valued member of the company or organization. It is important that the interns understand their attendance, punctuality, dress, and work ethic should reflect well upon themselves, as well as their parents, teachers, schools, and peers.

The Office of Family and Community Engagement (FACE) would like to thank you for all the work you do for your students in allowing them to have the opportunity to acquire new skill sets and knowledge before entering post- secondary education and ultimately the workforce.

This toolkit is meant to assist you through the program, including the new timeline, and protocols. Enclosed you will find sample forms that you may consider using as you oversee your school's internship program.

Role of the Office of Family and Community Engagement

The responsibility of the Office of Family and Community Engagement (FACE), as it relates to this program, is to recruit providers across our community to host M-DCPS interns for the academic year. We also execute cooperative agreements with each provider; including those students who match themselves. Per board policies, the following internships are prohibited:

- Home-based businesses
- Overnight work hours
- Business related to alcohol, tobacco, weapons, massage, or tattoos
- Reporting directly to an immediate family member

FACE serves as the liaison between internship providers and school sites. This includes when issues arise, such as non-attendance, internship transfer, and/or failure of provider to adhere to program guidelines.

Three weeks before the end of each grading period, FACE sends providers quarterly grade evaluations with instructions to email them directly to the school's coordinator.

Role of the School Internship Coordinator

The internship coordinator is selected by a school administrator to oversee the school's internship program and may serve as Teacher of Record. The assigned internship coordinator recruits interns who meet the eligibility criteria for the program, in accordance with the program's requirements listed on page 5 of this toolkit.

Your role as an Internship Coordinator includes:

- Facilitating the preparation of students with work skills throughout the year
- Disseminating information concerning internship rules, procedures and policies:
- Managing enrollment and grades
- Reviewing the Student Internship Handbook with the interns.
 - To view the handbook, click [HERE](#).

- Reviewing and approve student account for each intern candidate in <https://aymiami.getmyinterns.org/Account/Login>
- Collecting, verifying and retaining all required documents including student/parent agreement by March 15, 2023. Proof of insurance will need to be collect at the beginning of the school year before student reports. If documents are not received by the coordinator by this date, student will not be eligible to participate in the program.
- Meeting with students before approving hires in <https://aymiami.getmyinterns.org>
- Notifying student of his/her status before the close of school year by May 31, 2023
- Deactivating nonparticipants from aymiami.getmyinterns.org.
- Ensuring the internship course is placed in each student's schedule for the upcoming school year with the required course codes by May 31, 2023. (Please see required course codes information on page 4)

Oversight of Student Interns

You should collect and review student log sheets quarterly. You may choose to review log sheets more frequently. Internship providers return grade evaluations directly to you. It is your responsibility as the Internship Coordinator (Teacher of Record) to enter each student's grade based on the evaluation.

Once interns are placed in an internship, there should not be any changes of provider unless under exceptional circumstances. You should also communicate to the Office of Family and Community Engagement any issues, concerns, and/or special circumstances that arise.

Ensure students complete all necessary surveys administered by the Office of Family and Community Engagement.

Program Outline

Student Eligibility

Students must meet all the eligibility criteria to be enrolled to the Academic Year Internship Program.

- Registered on <https://aymiami.getmyinterns.org/Account/Register>
- Updated resume
- Enrolled as a full-time Junior or Senior
- Unweighted GPA of 2.5 or better at time of application
- Excellent school attendance
- Parent/Guardian Internship Cooperative agreement on page 15 of this toolkit for participation
- Liability Waiver on page 16 for Hybrid or in-person internship
- Student accident insurance

Student Honors Credits

To receive full honors credit for the Academic Year Internship, students must complete all required hours at their internship site:

- 1 honors credit = 5 hours a week, 45 hours per quarter
- 2 honors credits = 10 hours a week, 90 hours per quarter

A monetary stipend may be provided to the student, but the Office of Family and Community Engagement must be made aware if that is the intent, to ensure all necessary forms are completed.

Should the internship provider decide to hire a student for any hours above the five or ten internship credit hours, this would be deemed employment and is outside the scope of the internship program. Time spent at the internship site may not be counted as volunteer or community service hours, unless special arrangements are made to acquire those hours after the internship requirement is fulfilled.

Student Attendance

Before the student begins the internship, the student and provider must work together to establish a convenient time schedule for both parties. **The coordinator must also approve of the established schedule.** All are asked to be flexible. As situations change, schedules may need to be adjusted. The proposed schedule must indicate the days of the week and the hours that the student will be at the internship site. Students generally complete their hours during the regular school week during daylight hours.

Students must work the entire length of the internship **(36 weeks for 180 or 360 hours based on credit hours, activities such as cheerleading camp, vacation, football practice, etc., cannot be used as excuses for absences during the internship.)** Students are not required to report on their scheduled internship day if it falls on a teacher planning day or holiday nor are they required to make up those hours. Please refer to the Miami-Dade County Public Schools' master calendar. In the event of an extended illness or excused absence*, the student and the internship provider may make alternative arrangements. Students must notify the coordinator of any changes in their schedules.

***M-DCPS excused absences:** Student illness, death in the family, observance of religious holiday, or school-sponsored event with prior approval by the internship provider.

Professionalism

Miami-Dade County Public School has a Code of Student Conduct (COSC) aligned with local, state, and federal mandates with an emphasis on promoting a safe learning environment to ensure academic success. The Code of Student Conduct sets the standards of conduct expected of students in a purposeful safe learning environment in which the principles of care, courtesy, civility, fairness, acceptance of diversity, and respect for the rights of others is valued. It also addresses the role of the parents/guardians, the students, and school, but also focuses on core values and model student behavior, rights and responsibilities of students, addressing student behavior, and disciplinary procedures.

Please refer to Board Policy 3210, [Standards of Ethical Conduct](#).

**Rachel Russell-Saiger, Founder
Style Saves, Non-Profit**

"Through the internship program, we were able to provide the youth an overview of what goes behind the scenes at a non-profit organization. It allowed them to acknowledge and cultivate a deeper sense of responsibility towards their community."

**Margarita Prieto, President
Prieto Consulting, Inc, Consulting Firm**

"Connecting with youth, seeing them learn and give their own suggestions on tasks would benefit any company. These youth provide a different view that you wouldn't otherwise have—not even with college interns. Additionally, it gives young people the chance to work in an operating corporation as opposed to a typical retail job."

**Abril Valdes, Student, High School
Interned with Acro Gravity Academy**

"I enjoyed this internship because I was able to meet many people in the circus community which I have developed great relationships with. I really enjoyed it because I gained many tips and experience for the future."

**Nissah McDonald, Student, High School

"It was a blast seeing engineers at work; for safety measures, my internship would hold Zoom calls for everyone to chat and safely distance as to not get sick, but the environment was very nice. I enjoyed talking, connecting, and meeting new people and I wish them the best in their careers."
